

Programme ideas: Skills section

When completing each section of your DofE, you should develop a programme which is specific and relevant to you. This sheet gives you a list of programme ideas that you could do or you could use it as a starting point to create a Skills programme of your own!

For each idea, there is a useful document giving you guidance on how to do it, which you can find under the category finder on www.DofE.org/skills

It's your choice...

Developing a skill helps you get better at something you are really interested in and gives you the confidence and ability to use this skill both now and later in life.

Help with planning

You can use the handy programme planner on the website to work with your Leader to plan your activity.
